Good Afternoon,

Can we setup another meeting as soon as possible? We have a Wilshire Center BID Board Member (and local property owner) who has stepped up and would like to contribute to this effort.

Can we schedule a conference call for this Thursday at 3PM? Please let me know if this time works for everyone.

Thank you,
Mike Russell

Thanks Leyda for the great campus tour and showing us real Summer opportunities for students and parents. Is there a cooperative way to deal with the cleanup and security issues? Why not rely on student and parent leaders to work with busy Custodians to take some responsibility on cleanup and security? After all this is their campus and should take care of it and help persuade other principals to join..in solidarity.PAUL

Thank you for the summary Anna. I apologize for my delay but now that I'm off I have not been checking email too frequently. I appreciate Anna's thorough summary. Indeed for us the main concerns are cleanliness and security/safety. Our campus has few areas without access to our entire school. The building and grounds concerns remain and we are still playing catch up. Part of my research for the summer is to do a job analysis with M and O to ascertain the number of custodians we should have to keep our campus clean. We are a very active site open from 6AM to 7PM every day and almost every Saturday. Churches use our campus on Sundays, Civic Permits use our soccer field on weekends and evenings when soccer is not in season. That being said we want to stay connected to and with our community. I will be seeing the principals in a couple of weeks and will have updates for them then.

Hi Klarissa. Thank you for reaching out. The tour was lovely, and we had an informative talk with Principal Garcia. We agreed that the elementary field would be the best location for a Community School Park, as it is well closed off from other parts of the campus and can be entered without having to enter other parts of the campus.

It seems the two biggest concerns have to do with clean-up and security. The principals have been having a very hard time keeping their campus clean, and their custodians are spread very thin. If we were to open a Community School Park there, the principals would like some kind of additional clean-up done in a way that doesn't add time to the custodians they already have. One way to do this would be to contract with new custodians.

The second concern has to do with our CSP monitors (who are usually Beyond the Bell staff people). Principal Garcia, feel free to jump in, in case I missed something. The principals are not 100% comfortable being the only onsite monitors. We need to make sure that our Beyond the Bell staff have an administrative designation. I believe they do, as they are frequently the only monitors at our CSPs and we've never had any issues, but I will confirm this. We also talked about the possibility of having parent representatives be on campus to provide monitoring support. This might be a way to avoid having principals be monitors (which they are spread too thin to do anyway).

Larry and I actually have a meeting with Tim Bower at Beyond the Bell today. We'll ask him about this and about other ways we can customize a CSP set-up so that we can both address RFK's principals' concerns as well as meet parents' wishes to recreate at their school campus.

We are very grateful for board member Garcia's support and would appreciate any ideas she has on the matter.

Sincerely,
Anna

Excited to see everyone on Friday, July 1st at 10 AM.

Please park on Campus Road (service road parallel to Mariposa Street, just east of it by laundry mat). Go all the way in to our campus. UCLA CS office will be on the right.

So we meet on Friday? Not today, Thursday. I'm wondering then if we can move our time to earlier in the day.

Say 10?
